

Bennett St Receiving Pit, with Commercial Street Launching Pit and Commercial Street Receiving Pit

August 2023 - January 2024

New pit established on Bennett St in the Westbound travel lane. Concrete barriers and chain link fence to be set in the street.

Due to size of the excavation and width of Bennett St, while the work is taking place the Westbound travel lane will need to be closed and only 1-way travel in the Eastbound direction will be possible.

- Expected Duration:
 - AUG 2023 - JAN 2024
 - Will remain in place 24/7 as there will be active excavations occurring within the fence line.

- See following page for full detour routes.

Additional temporary daytime full closure of Bennett Street required for initial construction.
See page 3 for information
